

DOING THINGS A LITTLE BIT DIFFERENT

MIXING - FEEDING - CONVEYING - SCREENING - DUST COLLECTION

Material Handling Equipment

- Rotary Airlocks
- Double Dump Valves
- Flexible Screw Conveyors
- Bag Dump Stations
- Knife Gates
- IBC Systems
- Bin Activators

Bulk Solids Metering

- Volumetric & Gravimetric
- Screw Feeders
- Louvered Vibratory
- Quick-clean Designs
- Bulk Bag Dischargers
- Weighbelt Feeders
- Massflow Meters

Screening & Drying

- Vibratory Screening
- Gyrotory Screening
- Pharmaceutical Screening
- Centrifugal Screening
- Spray Dryers
- Sizers
- Drum Dryers
- Flash Dryers
- Complete Engineered Systems

Plant Process Controls

- Allen Bradley PLC
- PLC/HMI Programming
- Batching Software
- Systems Design
- Process Controls
- Panel Building
- Field Support

Sanitary Conveyors

- Homogeneous Belt Conveyors
- Modular Plastic Belt Conveyors
- Troughed Belt Conveyor
- Wire Mesh Belt Conveyors
- Metering Hopper
- Rolling Conveyors
- Tabletop Chain Conveyors

Mixers-Size Reduction

- Twin Shaft Mixer
- Single Shaft Mixer
- Surge Hoppers
- Scale Hoppers
- Continuous Mixer
- Bin Panels
- DeLumper - Size Reduction

Pneumatic Conveying

- Dilute & Dense Phase Conveying
- Process Controls
- Project Management
- Bins, Hoppers, and Silos
- Airlocks & Valves
- Parts & Components

Process Solutions

- Bulk Bag Fillers
- Bulk Bag Dischargers
- Vibratory Feeders
- Vibratory Conveyors
- Vibratory Tables
- Vibratory Screeners
- Flex Conveyors
- Controls

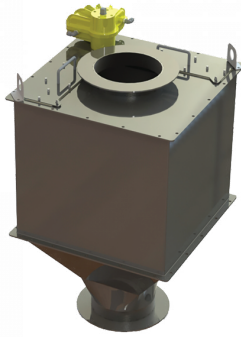

Level Controls

- Radio Frequency Probes
- Radar
- Ultrasonic
- Dust Emission Monitor
- Magnetic Liquid Level
- Ultrasonic
- Paddle Switches

DOING THINGS A LITTLE BIT DIFFERENT

MIXING - FEEDING - CONVEYING - SCREENING - DUST COLLECTION

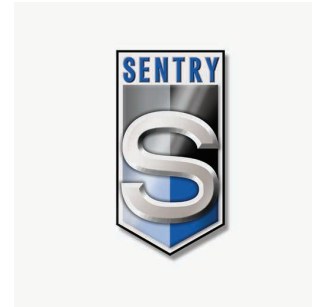

Centrifugal Fans and Blowers

- High Pressure Radial Fans
- Industrial Exhausters
- Plug Fans
- Radial Tipped Fans
- Top Mount Fans

Slide/Diverter Gates & Cyclones

- Diverter Valves
- Slide Gates (Including Quick Clean)
- High Efficiency Cyclones
- Slideflex Diverter Valves
- Discharge Valves
- Maintenance Gates

Dry Bulk Samplers

- Pneumatic Convey Samplers
- Auger Samplers
- Cross Cut Samplers
- Gravity Samplers
- Sample Carousel

Weighing and Inspection

- Load Cells
- Weight Indicators
- Bench Scales
- Floor Scales

Magnetic Separators

- Plate Magnets
- Grate Magnets
- Suspended Belt Magnets
- Vertical Spout Magnets
- Drawer Magnets
- Hump Magnets
- Drum Magnets

Custom Engineering Solutions

- CAD Drawings
- Equipment Layout Drawings
- Project Management
- Equipment Procurement
- Full Plant Controls

Bristol Industrial Equipment is a manufacturer's representative agency specializing in dry bulk solids handling equipment. We serve the food, grain, chemical, pharmaceutical, plastics, and industrial markets for the Great Lakes region.

We're capable of handling projects of any size, from individual parts to entire plants. In addition to our products, we also offer project management and can help source your installation.

With over 20 years of experience, we're here to provide a complete solution to any challenge you have.

Bill Bristol
